Have you ever seen a floating tourist office? In Villeneuve Les Béziers, you embark aboard Karine's ship! She welcomes you on the Pescaluna barge. Whether you continue along the Canal or want to explore other wonders, Karine will show you the best places, and if you want to share her passion for photography, maybe she will deliver you some of her secrets...

Whether you are in a boat, on a bicycle or in your car, Villeneuve Les Béziers is an essential step on the Canal du Midi. Its 13th century canal lock is part of the heritage of the town.
