Mauguio Carnon's rich cultural heritage represents an exceptional tourist attraction.

Mauguio harbours a historic heritage steeped in medieval wealth and Spanish & Camargue tradition. Walking tours organised by the Mauguio-Carnon cultural service offer a fascinating insight into its entrancing history.

The Rhone Canal, previously called the Lagoons' Canal, is part of this cultural heritage.

Work on the canal started in the 18th century under the direction of Pierre Paul-Riquet, it is the extension of the Canal du Midi, crossing the Languedoc and the Petite Camargue.

Location : In the town centre, Montpellier - Petite Camargue
