

ENSÉRUNE ARCHAEOLOGICAL SITE

At the crossroads of Mediterranean civilisations.

Explore a century of archaeological excavations at this major Gaulois city in the Southern Mediterranean. The museum has a rich collection of Gaulois weapons and Iberian, Greek and Roman vases. The archaeological site has unique views over the Languedoc plains. Since 2019, the archaeological site and the Museum of Ensérune have undertaken a phase of major works. Every effort has been made to welcome our visitors in the best possible conditions until the autumn of 2021. Between now and then, the museum is closed.
