Canopée Voyages is an agency specialized in hiking and nature travel. Our base camp is located in the Caroux mountain in the natural regional park of 'Haut Languedoc'. We have been creating and organizing trips for 40 years. We move forward thanks to our hikers who give us the ideas and desires to follow.

Our main thread is to create hiking trips that cut you off from your daily routine, which wow you and awaken the social link with women and men who are the wealth of our territory.
