Welcome to an amazing universe...the Pirate World! In the South of France, near the Mediterranean coastline, in the city of Cap d'Agde at about 35 minutes from Montpellier.

With its 46 luxurious suites, the 4-star Cap Pirate hotel is the perfect place for a time-travel if you want to experiment the pirate way of life. Two configurations of suites are available in the hotel, with one or two bedrooms. You will also benefit from an outside private area (a terrace if your suite is on first-floor or a garden if your suite is on ground-floor).

The hotel is real museum and you will learn more about the pirate thanks to a lot of educating boards and items that you can find everywhere in the hotel halls.

Besides the hotel you will have the opportunity to have an amazing culinary experience at O'Pirata restaurant, to taste the rum collection at the Poséidon lounge bar, to have some fun in La Baie des Pirates water park, to hire the Commodores seminar room which can accommodate up to 150 people and to enter into the Pirate Game (2 escape rooms).

Do not hesitate any longer, join our crew and become a pirate!
