Site internet : <http://www.ot-palavaslesflots.com/tourisme-d-affaire/tourisme-d-affaires-menu/>

The lighthouse of Palavas Les Flots offers an original and surprisingly prestigious and functional space to reinforce the impact of your event. With its 45 meter heights, this ancient historical building (an old water tower) has been renovated to mix modern style and functionality.

The Congress Center takes up the 3 first floors of the lighthouse and opens onto a 700 m2 reception hall, specially designed to fill your needs.

The amphitheatre can welcome 196 people and 4 disabled people.

The 3 seminar rooms are equipped with removable partitions to modulate the space in accordance with your needs.

A free car park with 500 spaces is at about 30 meters from the building.

The international airport is only 5 minutes away and the railway station of Montpellier at about 10 minutes away.

Altogether, an exceptional site that will justify your meeting's ambitions!

Location : In the town centre, Montpellier - Petite Camargue

Languages spoken : English

Unit details

Floor space **830 m2**

7 units (Hall, Amphitheater, Meeting room, Other)
