Site internet : <http://www.domaine-alexandrin.com/>

Domaine Alexandrin is in the little winemaking, olive-growing and potters' village of Saint Jean de Fos. The vines are cultivated by the reasoned agriculture method and harvested by hand into crates with sorting in the vineyard. Being in a very popular tourist area, the estate has developed an original concept for visitors: guided tours of the vineyard by Jérôme the winemaker in his 'Little Vineyard Train', followed by free wine-tasting sessions.

Location : Village location, Causses and valleys

Languages spoken : English
