Site internet : <http://domainedelaplane.com/>

The 'Domaine de la Plaine' wine estate is a family business created in 1985 and located on the most eastern part of the AOP Muscat de Frontignan area.

All the Sala family contributes to the production of a range of original wines, like the winemakers who care for their particular 'terroir'. They are the only players in the pruning, harvesting, winemaking, packaging and marketing of their products.

All their wines are made with the same grape variety: 'muscat blanc à petits grains'. This single variety is very difficult to cultivate and has an exceptional aromatic diversity which characterizes their wines vinified in 'Muscat de Frontignan' or 'Muscat Sec'.

Location : In the country, Pays de Thau
