The tourist office of Les Avant-Monts has 4 reception offices: Magalas and Murviel Les Béziers open all year round, Faugères and Roujan open in summer.

It's the ideal starting point for discovering our 25 sunny villages, lulled by the song of cicadas, perched on top of a hill, housed in a valley or gathered in circles around a castle and surrounded by vineyards, almond and olive trees.

The multilingual teams of the office welcome you all year round to help you organize your stay.

Our office provides tourist and cultural information on the territory of the Avant-Monts, but also many lists of practical information.

**Annual closing :**

Open only in summer

Location : Village location, Vineyards

Languages spoken : English - Spanish
